

NEW CONSTRUCTION MOUNTING PLATE

MPL series

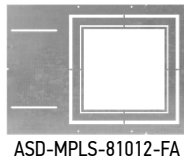

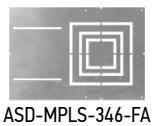

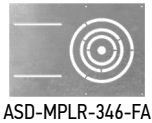

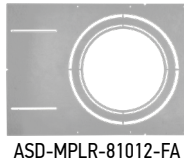

► **DESIGN** - NEW CONSTRUCTION MOUNTING PLATE is a universal and handy solution for new construction. Included mounting holes and tracks mean these plates will fit perfectly in many different structural layouts. Alignment notches on the plate help to align multiple plates. Durable housing resistant to rust and impact provides many years of service.

► **INSTALLATION** - Adjust the mounting plate position and fix it with screws or nails. J-box position can be secured.

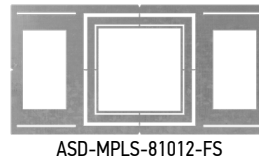

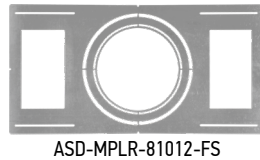

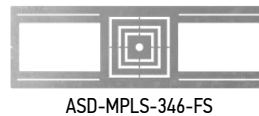

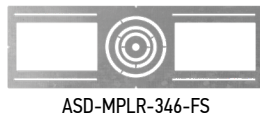

► **ADVANTAGES** - It is a great solution for both residential and commercial use. The 3/4/6 or 8/10/12 inches adjustable holes make the mounting plate compatible with led recessed lighting with junction box.

INSTALLATION GUIDE

IMPORTANT SAFETY INFORMATION:

Please read all the instructions below before installation!

- ▶ Make sure that the supply voltage corresponds to the rated product voltage.
- ▶ The product must be installed by a qualified electrician in accordance with the National Electrical Code and corresponding local codes.
- ▶ If the product is damaged, do not use it.

⚠ WARNING

Risk of personal injury – read and follow all warnings and installation instructions. Keep or give to the owner for future reference.

Risk of cuts: Wear gloves to prevent cuts or abrasions when removing from carton, handling, installing, and maintaining this product.

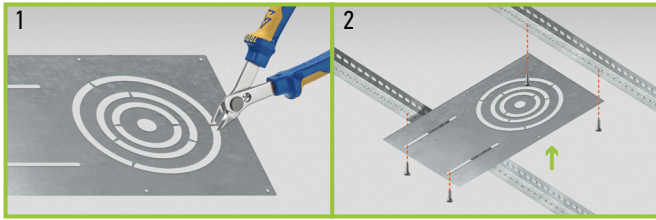

Risk of electric shock: This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.

Risk of Fire: Minimum 194°F supply conductors. Consult a qualified electrician to ensure correct branch circuit conductor.

ASD® assumes no responsibility for claims arising out of improper or careless Installation or handling of this product.

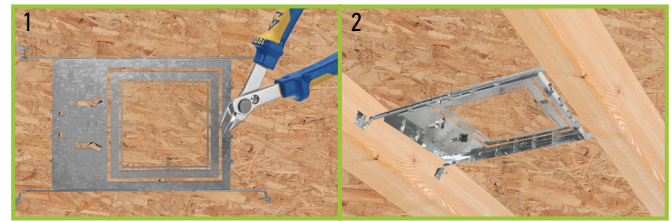

MOUNTING PLATE INSTALLATION

1. Remove the metal ring from the mounting plate according to the size of fixture.
2. Place the mounting plate and secure its position with screws on the beams.

MOUNTING PLATE WITH SLIDING CLIPS INSTALLATION:

1. Remove the metal ring from the mounting plate according to the size of fixture.
2. Adjust the sliding clips length from 13-3/4" into 25-3/16" for model MPL-346 and from 17-3/4" into 25-3/16" for model MPL-81012, and fix them with nails on each end.
